His Royal Highness
Prince Mahidol of Songkla
(1891-1929)

*"Let consideration of personal gain take second place
to the overall benefit of mankind.
Prestige and wealth are the natural rewards
for a sincere dedication to work."*

The name "Prince of Songkla" was bestowed upon the university by His Majesty the late King Bhumibol Adulyadej in honor of his beloved father, His Royal Highness Prince Mahidol of Songkla.

Prince Mahidol was instrumental in developing new curricula for basic sciences and pre-medical education in Thailand. His special endeavors in furthering the advancement of medical education, public health, nursing and medical research, resulted in him being affectionately regarded as **"The Father of Modern Medicine and Public Health in Thailand"**.

Prince Mahidol's teaching of the spirit of brotherhood towards all human beings is still well known today. In the words of his late Professor A.G. Ellis, the then Dean of Siriraj Medical School, Prince Mahidol "was born to make the world a better place".

On behalf of Prince of Songkla University (PSU), I would like to invite you to our wonderful institution, one of the leading research universities in Thailand and in Southeast Asia. PSU is a public comprehensive institution of higher learning with a long-standing commitment to education for the benefit of humankind, as our motto states "Our Soul is for the Benefit of Mankind."

**Message from
the President**

At PSU, we produce graduates able to compete in the international job market, and therefore, during their studies they will have the chance to apply their knowledge in real life and participate in various community projects. By nurturing the mind and imparting a true sense of social responsibility, we give our students the tools to succeed as professionals in today's dynamic society.

Our five campuses, located in Hat Yai, Pattani, Surat Thani, Trang, and Phuket respectively, offer some of the best teaching facilities in Southeast Asia, with almost 140 bachelor's, more than 100 master's and 50 doctorate degrees. All graduate programs in this publication are open to international students, and the undergraduate programs marked as International or English programs can welcome foreign students.

I am sure that you will love studying at our outstanding university and enjoy the green, multicultural and relaxing setting of our campuses.

I warmly invite you to visit PSU and have a great experience within our friendly community.

Asst. Prof. Dr. Niwat Keawpradub
President of Prince of Songkla University

Introducing Prince of Songkla University

Prince of Songkla University (PSU) was established in 1967 as the first university in southern Thailand. The original aims of the university were to raise the general education standards and support regional industry and development.

Today, PSU is a world-class public university committed to academic excellence and reputable research and innovation. It is one of the nine national research universities, and continuously in the top 10 of comprehensive universities in Thailand as ranked by Quacquarelli Symonds (QS).

The university is proud of its distinguished record of achievements in teaching, research, development, and services to community. It has contributed significantly to the development of the country and consistently turned out well-qualified graduates of high-professional standing.

Our Vision

A valuable university for driving sustainable development at the forefront of the world.

Our Missions

- **Building academic and innovation leadership** with research as a basis for the development of the southern region and the country, linking it to society and international networks.
- **Building human resources with academic and professional competence**, integrity, discipline, pursuit of wisdom, social engagement, and skills in the 21st century on the basis of practical experience.
- **Developing the university into a knowledge-based society based on cultural diversity** and the principle of sufficiency economy, in order to foster development towards sustainability and a society of opportunity and fairness.

Honorary Doctorate Degrees to Great World Leaders

- Honorary Doctorate Degree in Islamic Studies conferred upon the late Grand Sheikh of Al-Azhar University, Cairo, Egypt (26 June 2007)
- Honorary Doctorate Degree in Political Science conferred upon His Majesty Yang di-Pertuan Agong of Malaysia (11 March 2009)
- Honorary Doctorate Degree in Political Science conferred upon His late Royal Highness Prince Khalifa Bin Salman Al Khalifa, former Prime Minister of the Kingdom of Bahrain (13 August 2009)
- Honorary Doctorate Degree in Islamic Studies conferred upon His Eminence Prof. Dr. Ahmad Muhammad Ahmad Al-Tayyeb, Grand Imam Sheikh of Al-Azhar (October 9, 2017)
- Honorary Doctorate Degree in Science (Agriculture) conferred upon His Majesty King Letsie III of The Kingdom of Lesotho (September 12, 2019)

Outstanding Fields of Study

Prince of Songkla University is known and admired as a leading educational institution, not just in Thailand, but widely recognized in the ASEAN region. This reputation, combined with the potential of our high-quality researchers and academics, results in the academic excellence of PSU in several notable programs that attract students from all over the world. Here are some of our outstanding fields of study:

- Agro-Industry
- Biochemistry
- Biodiversity
- Biotechnology
- Chemical Engineering
- Energy
- Epidemiology
- Food Technology
- Hospitality and Tourism Management
- Islamic Studies
- Natural Products
- Natural Rubber
- Nursing
- Palm Oil
- Pharmaceutical Sciences

Campuses

PSU is a multi-campus institution with five green and serene campuses, which houses more than 36,000 students, inclusive of international students from 48 nations, and over 2,500 academic staff. All campuses are committed to academic excellence, strong social responsibility and active engagement in community services. Each campus includes outstanding learning, sporting and dining facilities, as well as calm and relaxing spaces within a large area covering a total of 622 hectares (1,537 acres / 3,887 rai) in the five PSU campuses.

Hat Yai Campus

PSU's main campus is located in the busy, commercial city of Hat Yai in Songkhla province, the hub of trade and economy of the major provinces in the Lower South. Hat Yai campus, with its attractive landscape, provides a serene setting ideal for education and learning and is the center of various disciplines, including Agro-Industry, Economics, Engineering, Environment Management, Health Sciences, Law, Liberal Arts, Management Sciences, Natural Resources, and Science and Technology.

The city of Hat Yai is about 60 km from the Malaysian border, one hour flying from Bangkok and 30 km from the beautiful tropical long beaches of Songkhla. It is a modern city, with a vibrant mix of Thai, Chinese, and Malay influences, making Hat Yai a thrill to visit with many cultural and modern entertainment attractions.

Pattani Campus

Pattani Campus, situated on the seafront in Pattani Province, is a campus with a multicultural society, the center of diverse cultures and traditions, and rich in natural resources. It offers learning in Communication Technology, Education, Fine and Applied Arts, Food Technology and Fisheries, Humanities, Islamic Studies, Nursing, Political Science, Rubber and Polymer, and Social Sciences, corresponding with the context and cultural life of the residents of the Lower South, with their own identities. One of the main educational features of the Pattani Campus is that it embraces the Islamic Sciences where Arabic, Islamic theology and Shari'ah subjects are in high demand.

Pattani is the Muslim center of the South and home to hundreds of elegant mosques like Pattani Central Mosque, the largest and most beautiful mosque in Thailand. There is a strong economy revolving around seafood and a thriving handicraft and cottage industry, with batik, artificial flowers, woodcarvings and wickerwork, the main items being made for export.

Phuket Campus

Phuket Campus is set on the island of Phuket, also known as the Pearl of the Andaman Sea. The island is well-known worldwide for being a tourist attraction and a busy center of hotel industry and services that suit both the national and international tourism. Thus, it is not surprising that Phuket Campus, the PSU's international campus, concentrates on teaching and learning in Tourism and Service Industry, but also on Environment and Earth Science, Information Technology, and International Studies, befitting the status of Phuket as a world-class tourist resort. In response to the government policy, the campus is also promoting the software industry.

Phuket is Thailand's largest island and enjoys great popularity as a travel destination. Famous for its beautiful beaches, stunning tropical sunsets and warm blue seas, excellent offshore dive sites and superb sailing opportunities, Phuket is Thailand and the world's premier holiday resort.

Surat Thani Campus

Surat Thani Campus, established in the cultural and economic center of the upper southern provinces, offers education services in Innovative Agriculture, Fishery and Food, Liberal Arts and Management Sciences, and Science and Industrial Technology, in support of the growth in industrial businesses of the Upper South. It is a leading tertiary education center of the Upper Southern Thailand with the mandate to produce competent graduates, to provide academic services to community, and to preserve the heritage in arts and culture.

Surat Thani is the largest southern province of Thailand, located on the eastern shore of the Gulf of Thailand, and is a gateway to the eastern coast's islands: Ko Samui, Ko Tao (great for scuba diving), and Ko Phangan, and also to the natural beauty of several National Parks, such as Khao Sok and Mu Ko Ang Thong. Surat Thani is also famous for coconuts, mainly picked by pig-tailed monkeys, which are trained in special schools around the province.

Trang Campus

Trang Campus, situated on a plain in the most populated province of the West Coast of the South, focuses on education in Architecture and in Commerce and Management, to support trade and investment in the region and contribute to society through careful planning and design methods.

Trang is famous for its many islands with white-sand beaches and for beautiful views and underwater scenery at numerous offshore islands. The underwater world in Trang is so popular that it is the venue for an annual underwater wedding ceremony, with couples coming from around the world to get married in scuba gear on Valentine's Day. Caves, lakes, waterfalls and hot springs are plentiful within the province.

Facilities on Campus

At PSU, one can enjoy excellent teaching and learning facilities, outstanding sports provisions and the opportunity to join one of the multicultural student clubs and societies.

Services and General Facilities	Sporting Facilities
• Excellent teaching and learning facilities • Libraries • Dormitories • Free campus bus service • Campus-wide Wi-Fi internet access • Computer center • Cafeterias and food centers • Full medical and dental facilities • Information centers • Counseling and student advisors • Campus stores and bookshops • Multicultural student clubs and societies • Banking facilities • Post Office • International Convention Center • Muslim prayer rooms • Childcare services (Hat Yai and Pattani) • Laundry services	World-class sports infrastructure: • Fully-equipped gymnasiums • Sport courts (tennis, basketball, badminton, volleyball, takraw, petanque) • Olympic-size swimming pool • Fitness center • Areas for aerobics and Tai Chi classes • Multi-purpose playing fields Various sport clubs

Also, as a national research university, Prince of Songkla University has prepared comprehensive infrastructure for research works:

- a modern Scientific Equipment Center operating around the clock,
- a high-performance information technology system,
- an online library and an audio-visual system for learning,
- state-of-the-art specialized laboratories in numerous fields.

International Students

Whether you are looking for an undergraduate or postgraduate degree, PSU offers a range of opportunities and support services, with friendly staff and several useful resources, in order to help you succeed and achieve your academic goals.

Online sources, like the [Global Affairs Office website](#), include useful information on pre-departure arrangements, travelling and life in Thailand, accommodation, food, medical services, culture shock, etc., for helping our international students and staff enjoy a comfortable and satisfying stay.

Moreover, International Affairs officers are appointed at every PSU faculty to help with course information, application forms, visa issues, orientation, and health and accident insurance. They are available at all times to offer assistance and support.

The [International Students Association](#) provides a wealth of opportunities for networking, socializing and making friends through social and cultural activities. Facebook: [@isapsu](#)

Application Procedures

Undergraduate Admissions:

1. E-admission

- See the PSU undergraduate programs available for international students at: <https://admission.psu.ac.th/en/international-course-en>.
- Find more details regarding the undergraduate programs at: <https://admission.psu.ac.th/en/undergraduate-degrees> or <https://admission.psu.ac.th/en/home>.
- Register & apply at: <https://e-admission.psu.ac.th>
- For any eventual difficulties with the online application, you may contact the PSU Admission and Testing Center at admission@psu.ac.th.

2. Application via e-mail:

- Obtain an application form by sending an e-mail to the relevant faculty: <https://gao.psu.ac.th/admission/faculties-contact>.
- Attach certified/attested copies of your academic records, official examination certificates and, if appropriate, evidence of your English language proficiency such as IELTS or TOEFL.
- Send the application form, documentation and application fee to the faculty. Address details can usually be found on the back of the application form.
- If you meet the entry requirements, you should receive a formal Acceptance Letter within three weeks. This letter will include information on the program, starting date and payment of fees. This letter must be used to obtain the Non-immigrant “ED” Visa from the Royal Thai Embassy or Consulate in your country for entering Thailand for study.

Graduate Admissions: E-admission

- Please see all PSU graduate programs offered at: <https://admission.psu.ac.th/en/2024list-eng>.
- The application for graduate programs at PSU must be done online on the website of the PSU Admission and Testing Center at <https://grad-mis.psu.ac.th/admission> or <https://admission.psu.ac.th/en/home>.
- For any eventual difficulties with the online application, you may contact the PSU Admission and Testing Center at admission@psu.ac.th.
- If you meet the entry requirements, you should receive a formal Acceptance Letter within three weeks. This letter must be used to obtain the Non-immigrant “ED” Visa from the Royal Thai Embassy or Consulate in your country for entering Thailand for study.

** depending on the program, the faculty may schedule an online interview before confirming the admission.*

Important: A Non-immigrant “ED” Visa and an International Health & Accident Insurance must be obtained before entering Thailand!

International and English Programs

All Master's and Ph.D. programs in this publication are open to international students: <https://admission.psu.ac.th/en>

Undergraduate Programs in English:

Hat Yai Campus:

- B.B.A. in Management and Entrepreneurship (Faculty of Management Sciences)
- B.Eng. in Innovation Engineering and Management (Faculty of Engineering)
- B.Eng. in Rubber Industry Engineering and Management (Faculty of Engineering)
- B.Sc. in Creative Media and Digital Technologies (International College Hat Yai Campus)
- B.Sc. in Dietetics and Nutrition for Health (Faculty of Agro-Industry)

Pattani Campus:

- B.A. in Islamic Studies (Faculty of Islamic Sciences)
*using English and Arabic languages

Phuket Campus:

- B.A. in Languages and Cultures (Faculty of International Studies)
 - Chinese Language and Culture
 - Korean Language and Culture
 - Thai Language and Culture
 - European Languages and Cultures
- B.B.A. in Business Innovation Management (Faculty of Hospitality and Tourism)
- B.B.A. in International Business (Faculty of International Studies)
- B.B.A. in International Hotel, Event and Restaurant Management (Faculty of Hospitality and Tourism)
- B.B.A. in Tourism and Aviation Business Management (Faculty of Hospitality and Tourism)
- B.Eng. in Digital Engineering (College of Computing)
- B.Sc. in Digital Business (College of Computing)

Surat Thani Campus:

- B.A. in Chinese for Business Communication (Faculty of Liberal Arts and Management Sciences)

- Healthcare System Reform (HSR)
- Research Development (RD)

Training Programs (International students accepted)

Department of Pediatrics

1. International course for short course Training for Certification in Pediatric Interventional Cardiology
2. International course for Fellowship Training for Certification in Pediatric Interventional Cardiology (1 year)
3. Short Course for International Fellow Training in Pediatric Neurogastroenterology and Motility
4. International Fellowship Training in Pediatric Neurogastroenterology and Motility
5. International Fellowship Training in Pediatric Cardiology

Department of Pathology

1. International course for residency training program in Anatomical Pathology

Department of Ophthalmology

1. International course for Fellowship Training for Certification in Retina and Vitreous Diseases

Department of Radiology

1. International course for residency training program in Diagnostic Radiology
2. Clinical Fellowship training in Intervention Radiology

Department of Anesthesiology

1. International course for residency training program in Anesthesiology
2. International Pediatric Anesthesia Short Course Training Program
3. Non-Degree: International course for Fellowship Training in Cardiovascular and Thoracic Anesthesia (1-year short course)

Department of Orthopedics

1. International course for fellowship training program in orthopedic trauma
2. Visiting Fellowship Program in orthopedic trauma
3. Visiting Fellowship Program in Pediatric Orthopaedics
4. Visiting Fellowship Program in Adult Reconstructive Orthopaedics
5. Visiting Fellowship Program in Sports Medicine
6. Visiting Fellowship Program in Spine

Department of Otolaryngology

1. Visiting Fellowship Training Program in Head and Neck Surgery Department of Obstetrics and Gynecology
2. International Fellowship Training in Colposcopy

Department of Internal Medicine

1. International Fellowship Training in Critical Care Medicine
2. International course for fellowship training for certification in intervention cardiology

Joint program - Anesthesiology / Emergency Medicine / Internal Medicine / Otolaryngology / Pediatrics

1. International course for airway management in general practitioner

Outstanding Research and Expertise

As one of the nine national research universities, PSU allocates substantial funding into the provision of the best research equipment and facilities. Students are actively encouraged to participate in the multitude of research projects undertaken at each faculty. A solid education based on a research-linked degree provides PSU's graduates with clear advantages in the global labor market.

Main Research Areas

Science and Technology		Health and Medical Research	Socioeconomic Development
Resources and Environment	Industry and Engineering		
Aquaculture / Livestock Biodiversity Coastal / Wetlands Disaster Prevention and Mitigation Geographic Information System Natural Products Industry Pattani Bay, Ban Don Bay Rubber Songkhla Lake Basin Tropical Fruits Urban Environment	Biochemistry Biomedical Engineering Biotechnology Clean Technology Computer Science and Engineering Energy / Alternative Energy Engineering Food Technology Consultancy Membrane Technology Palm Oil Rubber Wood Urban Traffic Waste Management	Caries / Erosion Childhood Acute Renal Failure Dental Materials Drug Delivery Epidemiology HIV / AIDS Infectious Diseases Oral Microbiology School-based Program for Prevention of Obesity at Pre-school Children Southeast Asian Ovalocytosis in Thai Southern Medical / Dental Service Centers Substance and Alcohol Research Thalassemia	Chinese Studies Environmental Education Handmade Cloth and Fabric Indonesia-Malaysia-Thailand – Growth Triangle Islamic Economics, Banking and Finance Islamic Studies Local Wisdom Peace Studies Teacher Education Thai Studies Tourism and Hospitality Studies

Centers of Expertise

PSU's active research networks are composed of Centers of Excellence, Research Centers, Research Units and other expertise centers and institutes. Some of them are:

Faculty of Agro-Industry

- International Center of Excellence in Seafood Science and Innovation
- Center of Excellence in Innovative Biotechnology for Sustainable Utilization of Bioresources
- Center of Excellence in Functional Foods and Gastronomy
- Center of Excellence in Bio-based Materials and Packaging Innovation
- Agro-Industry Development Center for Export (ADCET)

Faculty of Communication Sciences

- International Center of Excellence in Seafood Science and Innovation
- Center of Excellence in Innovative Biotechnology for Sustainable Utilization of Bioresources
- Center of Excellence in Functional Foods and Gastronomy
- Center of Excellence in Bio-based Materials and Packaging Innovation
- Agro-Industry Development Center for Export (ADCET)

Faculty of Dentistry

- Cranio-Maxillofacial Hard Tissue Engineering Center
- Common Oral Diseases and Epidemiology Research Center
- Improvement of Oral Health Care Research Unit
- Maxillofacial Prosthodontics Rehabilitation Research Unit
- Evidence-based Dentistry for Oral Health Care and Promotion
- Dental Materials Research Unit
- Oral Neuroscience and Molecular Biology of Dental Pulp and Bone Cells
- Technologies and Materials in Digital Dentistry Research Unit
- Cell Biology and Biomaterial Research Unit

Faculty of Education

- Research Center for Educational Innovations and Teaching and Learning Excellence
- Southern Teachers, Administrator, and Personnel Educational Development Center
- Educational and Psychological Testing Center of Prince of Songkla University
- Center of Excellence in Mathematics Education in the Southern Border Provinces

Faculty of Engineering

- Energy Technology Research Center
- Center of Excellence in Materials Engineering
- Intelligent Automation Research Center
- Center for Network Research
- Specialized Research and Development Center for Alternative Energy from Palm Oil and Oil Crops
- Center of Excellence for Rehabilitation Engineering
- Center of Excellence for Wireless Sensor Network
- Rubber Technology and Management Research Team
- Thermal-Fluid Engineering Research Team
- Sustainable Waste Management Research Team
- Business Logistics and Supply Chain Management Research Team
- Ergonomics and Safety Technology Research Team
- Air Pollution and Health Effect Research Center

Faculty of Environmental Management

- Geo-Informatics Research Center for Natural Resources and Environment
- Wetlands Research Center
- Environmental Assessment and Technology for Hazardous Waste Management Research Center
- Environmental Laboratory Center
- Songkhla Lake Basin Project
- Marine and Coastal Resources Institute
- Coastal Oceanography and Climate Change Research Center
- The Rubber Sustainable Management Research and Development Center
- Sustainable Innovation Center
- Wind Energy and Energy Storage System Centre (WEESYC)
- Ecotourism Innovation Management Center (EIMC)

Faculty of Hospitality and Tourism

- Research Clinic of the Faculty of Hospitality and Tourism
- FHT Research Fund

Faculty of Innovative Agriculture, Fishery and Food

- Discipline of Excellence in Sustainable Aquaculture
- Integrated High-Value Oleochemical Research Center
- FIPD Food Innovation and Product Development Lab

Faculty of International Studies

- Confucius Institute at Phuket
- Journal of International Studies, Prince of Songkla University
- Language Center and Academic Services

Faculty of Islamic Sciences

- Center for Arabic Testing and Skill Enhancement
- Islamic Studies Data Management Center (ICenter)
- Islamic Sciences Research Center
- Islamic Moderation Center

Faculty of Law

- PSU Law Clinic
- Legal Research and Innovation Center
- Center for Conflicts of Law
- Specialized Research and Development Center for Public International
- Law for Human Rights

Faculty of Liberal Arts

- Language and Academic Outreach Center (LAOC)
- Innovation and Inclusive Education Center (IIEC)
- Self-Access Learning Center (SALC)
- Research Center for Languages, Culture, and Human Development in the Lower ASEAN Region (RC-LCHD)

Faculty of Liberal Arts and Management Sciences

- Research Unit for Local Government Administration Innovation

Faculty of Medical Technology

- Center for Medical Laboratory Service
- Medical Technology Service Center

Faculty of Medicine

- Tanyawej Breast Center
- Trauma and Emergency Center
- Cancer Information Center
- NKC Institute of Gastroenterology and Hepatology
- Naradhiwas Rajanagarindra Heart Center
- Prince of Songkla University Minimally Invasive Surgical-Interventional Radiology Center (PSU MiSIR Center)
- Child Development Center
- Kidney Therapy Center
- Sleep Service and Research Center
- Organ Transplant Center
- Excretion Control and Pelvic Floor Therapy Center
- Songklanagarind Excellence Center for Obesity and
- Metabolic Surgery (SECOMS)
- Translational Medicine Research Center
- Southern Medical Rehabilitation Center

Faculty of Natural Resources

- Academic and Technical Services for Agricultural and Natural Resources
- Central Analytical Center
- Agricultural Systems, Resources and Environmental Research Center
- National Biological Control Research Center Southern Regional Center
- Small Ruminant Research and Development Center
- Tropical Fruit and Plantation Crop Research Center
- Kidchakan Suppamattaya Aquatic Animal Health Research Center
- Oil Palm Research and Development Center
- Center of Excellence in Agricultural and Natural Resources Biotechnology

Faculty of Nursing

- Research Center for Prevention and Care for People in Emergency and Trauma (RC-PRECET)
- Center of Excellence in Geriatrics
- Continuity of Care Center
- Innovative Holistic Health Center

Faculty of Pharmaceutical Sciences

- Drug Information Center
- Southern Center of Thai Traditional Medicine
- Center for Bioequivalence Studies (Thai Food and Drug Administration Network)
- Drug Delivery System Excellence Center
- Phytomedicine and Pharmaceutical Biotechnology Excellence Center
- Marine Natural Products Research Unit
- Pharmaceutical and Biomedical Polymers Research Unit

Faculty of Science

- Center of Excellence for Biodiversity of Peninsular Thailand
- Natural Product Research Center of Excellence
- Center of Excellence in Nanotechnology for Energy
- Center for Genomics and Bioinformatics Research
- Center of Excellence in Membrane Science and Technology
- Center of Excellence for Trace Analysis and Biosensor
- Geophysics Research Center
- Biosignal Research Center for Health
- Innovative Information Technology Research Unit for Health Sciences and Societies
- Gut Biology and Microbiota Research Unit
- Algebra and Applications Research Unit
- Applied Analysis Research Unit
- Molecular Evolution and Computational Biology Research Unit
- Rubber Product and Innovation Development Unit
- Statistics and Applications Research Unit

Faculty of Science and Industrial Technology

- Economics Plant of Surat Thani Province Research Unit

Faculty of Science and Technology

- Center of Excellence in Natural Rubber Technology
- Ecological Aquaculture Research Unit
- Ecotoxicology Research Unit
- Plant Tissue Culture Unit
- Analytical Chemistry and Environment Research Unit
- Thermoplastic Elastomer Research Unit
- Islamic Astronomy Research Unit

Faculty of Technology and Environment

- Andaman Environmental Research and Innovation Center (AERIC)
- PSU EnviLab
- Environmental Labs with ESPReL Standard
- Basic Sciences Labs
- Geoinformatics Lab

College of Computing

- Animation & Multimedia Technology Center (AMTEC)
- Center of Excellence in Computer Networks
- Andaman Intelligent Tourism and Service Informatics Center (AI-TaSI)
- Blockchain Research Team (BLOCK)
- Digital Media Lab
- Artificial Intelligence & IoTs (AiiLAB)
- Information Engineering for Andaman Region (InFAR)
- System Intelligence Laboratory (SINT-LAB)
- Eden Research Laboratory

Institute for Peace Studies

- Contemplative Education Center
- Islamic Perspective for Peace and Development Center
- Conflict Management Center
- Human Rights Center
- Research Unit for Peace Studies for Development

Business Incubation Center

High-caliber DNA Forensic Center

International Collaborative Unit: Confucius Institute at Prince of Songkla University

Princess Maha Chakri Sirindhorn Natural History Museum

PSU Halal Institute

International Relations and Networking

PSU has more than 600 MOUs & Agreements for cooperation with worldwide universities and institutes in 52 countries, including international agencies.

International agencies: FAO, WHO, UNDP, UNEP, UNESCO, IRRI, SEAMEO, SEARCH, BIOTROP, IUCN, SEAFDEC, ICLARM, NACA, EU, HANBAN, WI, ACIAR (Australia), ASS (Austria), IDRC (Canada), USAID (U.S.A.), JSPS (Japan), JICA (Japan), DANCED (Denmark), GRET (France), GTZ (Germany)

PSU Facts and Figures

In 2024, Prince of Songkla University:

- has 38 faculties, colleges and institutes offering over 300 programs of study, from Bachelor's degree to Ph.D. and Post-doctoral level
- teaching is conducted by over 2,500 academic staff, with over 70% Doctoral degree holders
- has produced more than 100,000 graduates
- has more than 36,000 current students

Programs of Study offered in 2024

Bachelor's	139
Master's	108
Doctorate	50
Higher Graduate&Graduate Diploma	5
Total	302

PSU Student Total in 2024

By Campus

Hat Yai	21,148
Pattani	8,528
Phuket	1,830
Surat Thani	3,473
Trang	1,687
Total	36,666

By Level of Study

Bachelor's	32,715
Master's	2,560
Doctorate	982
Graduate Diploma	391
Higher Graduate Diploma	18
Total	36,666

Academic Staff in 2024

By Campus

Hat Yai	1,592
Pattani	550
Phuket	149
Surat Thani	174
Trang	93
Total	2,558

By Degree

Doctorate	1,863
Master's	631
Bachelor's	64
Total	2,558

Supporting Staff in 2024**By Campus**

Hat Yai	8,207
Pattani	726
Phuket	222
Surat Thani	268
Trang	87
Total	9,510

International Students in Academic Year 2024**By Campus**

Hat Yai	284
Pattani	53
Phuket	213
Surat Thani	5
Trang	1
Total	556

By Level of Study

Bachelor's	167
Master's	176
Doctorate	213
Total	556
