Introduction

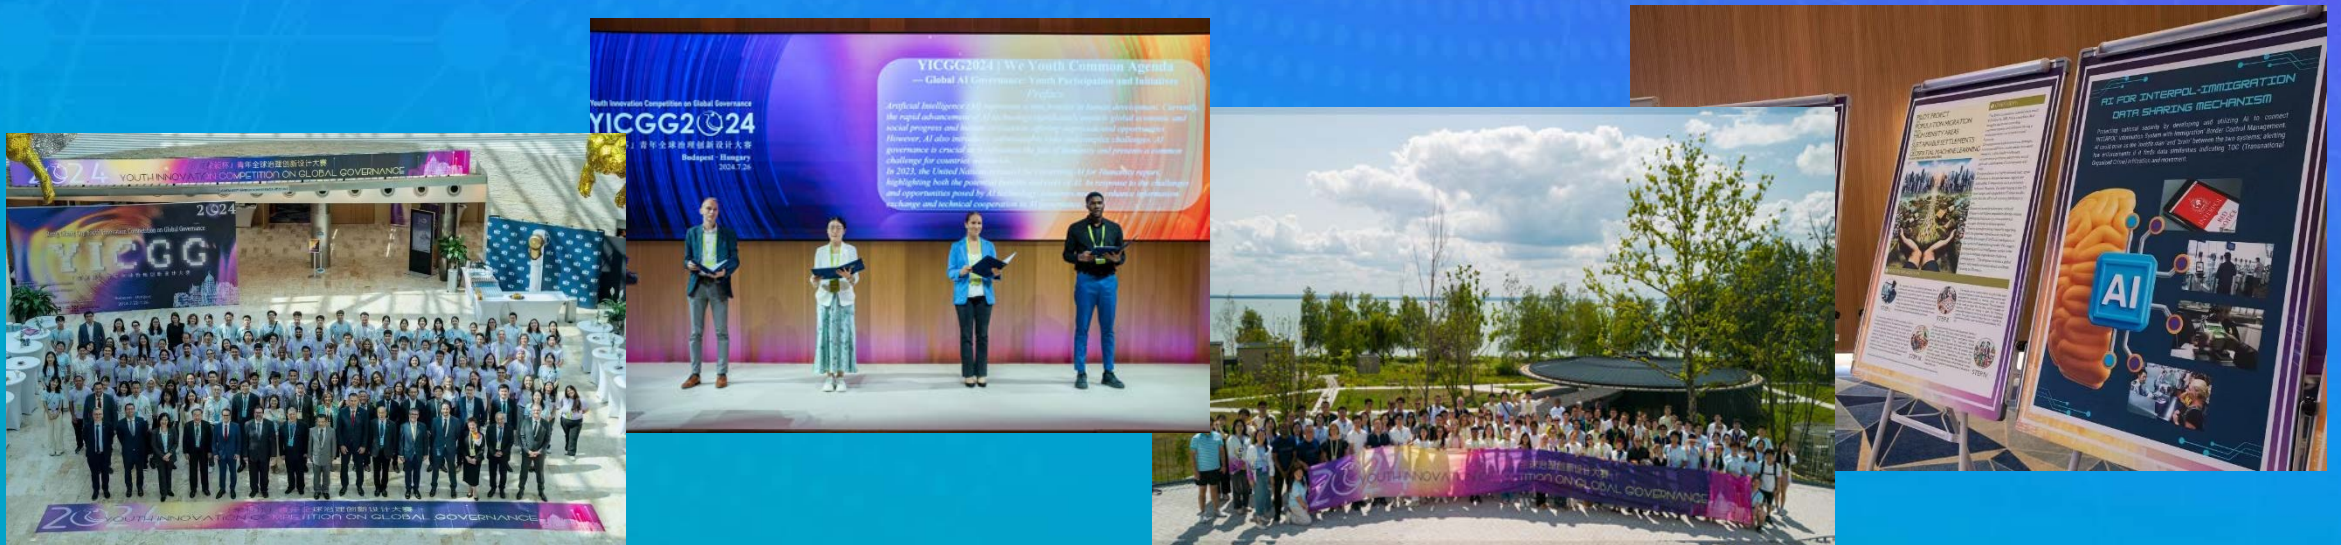

Introduction | YICGG2025

RONG CHANG CUP YOUTH INNOVATION COMPETITION ON GLOBAL GOVERNANCE
「荣昶杯」青年全球治理创新设计大赛

- Overview

YICGG is a global governance innovation design competition orientating towards the youth all over the world.

It is the very first international competition autonomously founded by Chinese college students in the field of global governance.

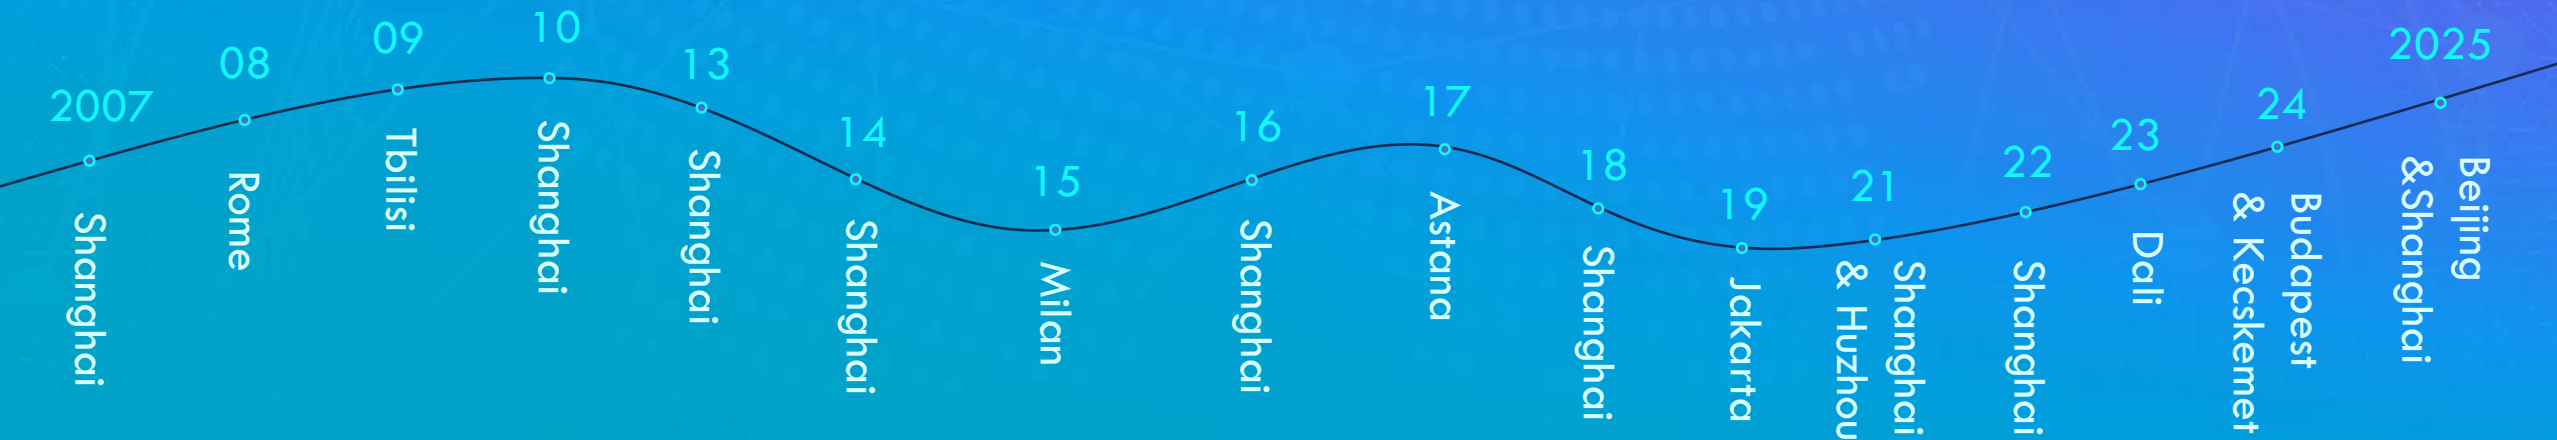

• Our History

First launched in 2007,

Supported by  & ,

Organized by  School of International Relations
and Public Affairs, Fudan University

- **Our Initiative**

Together with nearly 3000 top students from 103 countries and regions, YICGG is set to build a platform for the youth to

Meet and debate
On global affairs

Communicate and explore
All possibilities for human development.

RONG CHANG CUP YOUTH INNOVATION COMPETITION ON GLOBAL GOVERNANCE

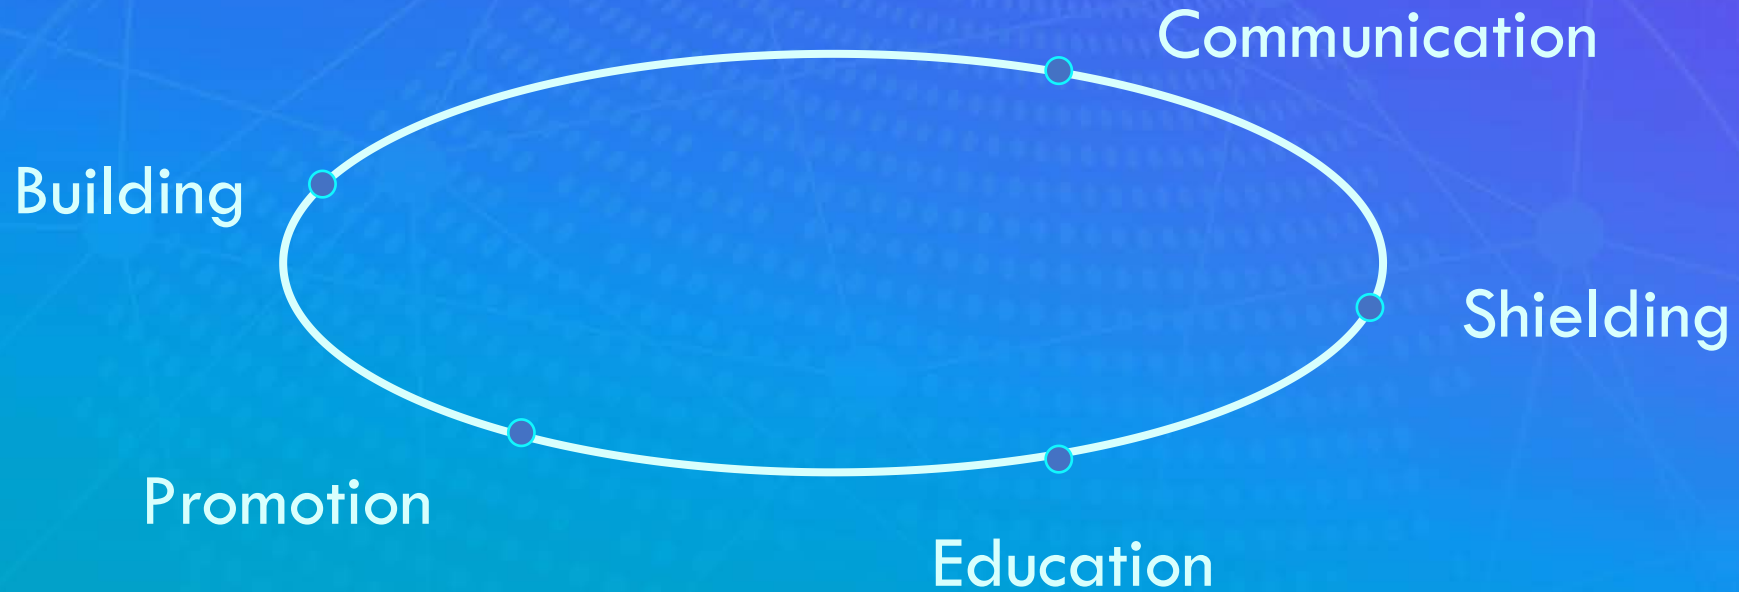

YICGG2025

「荣昶杯」青年全球治理创新设计大赛

Schedule

The competition consists of 2 phases:

1. The Preliminary Round

- Participants are expected to formulate global-governance **proposals** with creativity and foresight.
- After expert review, the most competitive candidates advance to the Final Round.

The number of finalists, typically around 60, is determined annually based on proposal quality and hosting capacity, **
subject to adjustment by YICGG2025 Committee. **

2. The Final Round

Participants will:

- Be **randomly** divided into **World Teams**
- Embark on a **one-week** journey in **Shanghai and Beijing** filled with activities such as Icebreaking, Ignite Talk, Culture Night, WYCA, Field Work and World Café
- Collaborate on a **group project** aligned with the final's theme, culminating in a **Final Presentation**

Requirement for Proposal

1. Content Requirement

- The content and form of your project is variable. They can be one of the two:

1) Theoretical Project (Conceptual Discussion, Policy Suggestion, etc.):

Please submit a research report of 8-10 pages of A4, including title, outline, text and references.

Requirement for Proposal

1. Content Requirement

- The content and form of your project is variable. They can be one of the two:

2) Operational Project (Mechanism Design, Model Building, Simulated Demonstration, etc.):

Please submit a design report of 4-5 pages of A4, including title, outline, text and references. The design report should give a clear explanation on the structure, function and operation of the system. Were to present a physical model, participants should illustrate its making process including necessary pictures and materials.

Requirement for Proposal

1. Content Requirement

- ***Compulsory*** The project should contain practical cases in your own country or city to give an overview relatively closed to practice. For multi-member groups, you can either choose to summarize cases from only one country or to review the practice of different countries.

Requirement for Proposal

2. Text Format

- The report should be written in English.
- Refer to Attachment 4 “Text Format for Preliminary Round Proposals” for Detailed Text Format and template.
